

## **Access to Vehicle Repair and Maintenance Information – Regulation (EU) 2018/858**

### Article 6

To comply with Regulation (EU) 2018/858, applicable from 1st September 2020, for vehicle categories N2/N3, Dennis Eagle Ltd. are obliged to provide unrestricted and standardised access to vehicle OBD information; vehicle repair and maintenance information, including any special tools or relevant software and training material to independent operators through a website.

**All the technical and training documentation/information is covered by Dennis Eagle Ltd. Copyright and approval must be sought and gained before any use or reproduction is permitted.**

Should any documentation/manuals be required an application should be made to the Dennis Eagle Ltd. Parts Department – 01926 458555.

A charge will be made for the above. All information will be supplied on CD-ROMs.

**To access the Dennis Eagle Ltd. RMI Site click on the ‘Log In’ Icon on the right hand side of the Home page to access the link to the ‘Repair and Maintenance Information Site’**

It will be necessary for all users to register on the site, by completing the RMI Registration Form, before access to the site will be permitted.

Once registered and you have access to the site you will see the below Icons, following the link on the Icon will either take you to further information on the Dennis Eagle product range or take you to another manufacturers RMI website.

**NB: Information provided on Dennis Eagle products does not hold any ‘Security-related Repair and Maintenance Information’.**
